## Disabled People's Movement

[Crip-stirring Culture](#) is a grass roots web platform for sharing truths, stirring disabled people into action and celebrating activist culture.

[Disability Archive UK](#) aims to provide disabled people, students and scholars access to the writings of those disability activists, writers and allies whose work may no longer be easily accessible in the public domain.

See our website under News & Events for information on the [Principles of Independent Living](#) and our [Factsheets](#) on the Social Model of Disability.
